

August 2011

Dear Highland Band Booster Family,

Thank you so much for the gift cards you gave us at the band banquet. We are enjoying using them.

We wanted to say "THANK YOU SO MUCH" for the privilege of being a part of a most amazing organization and group of people. Over the last 7 years we have met many outstanding devoted individuals that we are fortunate to have worked with and relationships made to last a life time. There were many amazing football games and trips that we had the privilege of sharing with our band kids and booster family. We didn't have just 2 talented daughters; we had hundreds of talented daughters and sons. We had a great time whenever we were together no matter what we were doing. Unfortunately there were a few very heartbreaking times that we had to bear as a group. But because of the many fantastic personalities that made up our group and support for each other, our band family was able to bear the sorrow together and move on.

No words can express our sincere thank you to our most amazing band directors. The many hours of dedicated work Ed, Bill, and Jamie have put in for the benefit of our kids is truly a statement in itself to their personalities and dedication to music. We know our daughters have benefited greatly along with many, many students in the past, present, and to come. We are so fortunate to be able to call them friends.

We are truly going to miss everyone! We will always support the Highland Band Boosters, The Pride of Highland Marching Band, and the Highland Concert Bands.

GO HORNETS!
